DEDICATION

Harold Cronk graduated from Baldwin High School in 1956. He received his B.S. degree in Education from Central Michigan University. He began teaching in Baldwin in 1964. Besides teaching high school social studies, Mr. Cronk has coached various varsity sports. His various hobbies include fishing, hunting, camping and snowmobiling. He engages in various athletics, including softball and golf. He also enjoys doing carpentry work.

Mrs. Gerry Weaver, originally from Baltimore, Maryland, moved to Baldwin in April of 1974, where she and her husband George opened the Baldwin Mobile Home Sales. She became involved in establishing the Panther Boosters through her children who were involved in athletics. The mother of five children, she enjoys bowling and listening to music.

Antonio Cullen received his B.S. degree from Delaware State University. He began teaching physical education at Baldwin in 1974 but has since begun teaching spanish as well. He is head football coach, but enjoys all sports. Mr. Cullen likes soul food and is a very good photographer. His favorite saying is, "Let me say this about that, if I can, and I think I can."

DEDICATION

The Panther Boosters had its beginning at the November, 1974 football banquet. The parents of the athletes saw what terrible condition the football equipment was in. Some of the parents made a sign which read, "Your love and generosity will help replace me," and put it on a football helmet. The helmet was passed among those present and \$100.00 was collected.

Ideas for money-making projects blossomed. Preparations for Panther Day began in January, 1975. Although the Boosters didn't reach their goal of \$15,000.00, their profit for the first Panther Day was \$4,500.00. The presence of a beer and bingo tent, numerous games and the raffling off of an automobile helped provide money.

Thus far, the Panther Boosters have earned more than \$5,000.00. This money has been used to purchase much needed athletic equipment. Other money-making projects have included cake sales, concession stands at various athletic events and chicken and fish dinners. Projected projects include yard sales, bake sales, car washes, dinners concession stands, and, of course, Panther Day 1976.

The Panther Boosters arranged for the basketball team to go to Angola, Indiana to basketball camp for the week of July 13, 1975. The trip was sponsored by the Baldwin merchants, Mr. & Mrs. Cronk and Mr. & Mrs. Allison drove the team to Angola and Mrs. Weaver and Mrs. Braginton picked them up for the return trip to Baldwin.

The Panther Boosters hope that after all necessary Athletic equipment has been purchased, luxuries can then be purchased for the various teams.

There have been many individuals who have helped in the Panther Boosters projects. Mr. Harold Cronk, Mrs. Gerry Weaver and Mr. Antonio Cullen have been very instrumental in the Panther Boosters organization. The students and the community will be forever grateful to these individuals for the time and effort they have donated to make the athletic programs a success.

The Administration From the Principal's Desk

As our nation's schools are suffering with the issues of busing, racial disharmony, teacher strikes, student unrest, and etc., we should be very thankful that we are blessed with a school and a community that have a very good future and are full of potential goodness in the way of people, especially the students, parents, school personnel, and all concerned citizens. It is up to all involved to put forth their very best efforts to make Baldwin Community School a model institution for others to follow. It can be done. As Secondary Principal of the Baldwin Community School, I will continue to work cooperatively with others toward helping to make this school one we can be very proud of.

Respectfully Unto You,

Al Nichols, Secondary Principal
Baldwin Community School

Asst. Principal's Message To the Class of '76

Although I worked with you only a short time before you graduated, I have seen your energy and leadership produce good feelings toward learning at Baldwin. Good Luck in the future.

Richard Court, Asst. Principal

Superintendent's Message To the Graduating Class of 1976

You have the special honor of graduating in the year that our nation is celebrating its 200th birthday.

Public concern today focuses on the problems which have been neglected by our society for years. You, as citizens, will have an opportunity to contribute to the solution of those problems.

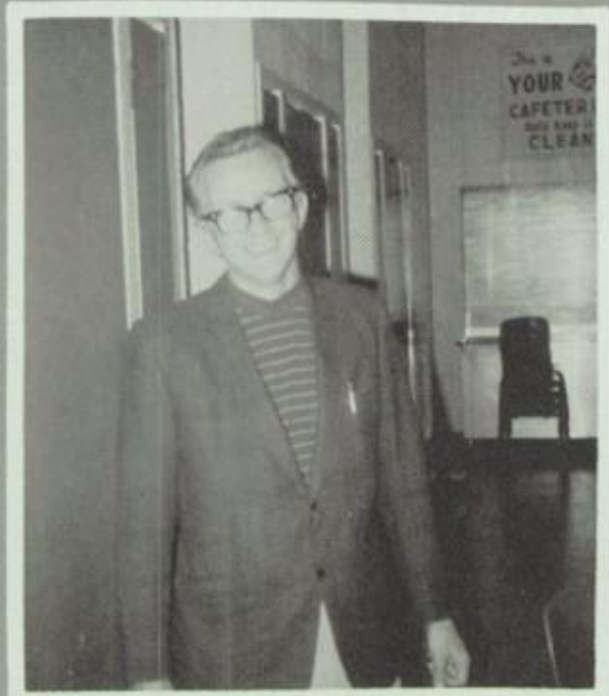

It is my sincere wish as an administrator that the education which you have received here at Baldwin High School has prepared you adequately for the complex society that awaits you.

Best wishes for continued success in your future endeavors!

Harold D. Cronk
Superintendent of Schools

CENTENNIAL

About the year 1870, Mr. Hannibal settled in Webber Township just North of the courthouse. This was the beginning of Baldwin today. The town was named Hannibal, but was later changed to Baldwin in honor of Michigan's Governor Baldwin.

The hamlet grew with the logging industry and the two railroad lines. One ran North and South and one railroad line ran East and West. Civil War soldiers homesteaded in Lake County.

Baldwin's first school was a log building near the old school house of today. This burned in 1874, and a two room school was built on the property.

The Lake County Courthouse was constructed in 1886, but in 1927 part of it burned, and it was rebuilt as it is today. At the spring election in 1874, Baldwin was voted the county seat.

In the lumber-jack days, Lake County probably had its largest population.

In 1915 a real estate agency from the Chicago area purchased two sections of land in Yates Township, and also sold the platted lots to Blacks.

Idlewild became the largest black resort in the Midwest. It attracted people from Chicago, Detroit, and other large cities as a resort.

The island on the North end of Idlewild Lake was the commercial part with a hotel, roller rink, dance hall and restaurants.

Idlewild had a school for the first eight grades with three teachers. The children were then bused to the Baldwin High School for grades nine through twelve.

Marlborough became a thriving community due to the discovery of marl deposits which are used in cement.

In 1905, Marlborough claimed to have 400 residents. They had an Opera House, Marlborough Inn, and a Mercantile Building. They also had two newspapers and a post office. It was known as a company town. At its height, the cement plant produced 2,000 barrels a day.

Marlborough provided a school for children which went through the eighth grade. This school operated until about 1930.

When the marl ran out in 1908, this thriving community became a ghost town. Many of the houses were moved, some of them into Baldwin.

The Big Bass Lake area developed into a summer resort. Many people build homes so their families could come for the summer. They came by train and were picked up at the Peacock depot.

Martin Johnson bought a track of land on Big Bass Lake and built a cabin in 1889, moving there permanently in 1901. In 1923, he took a life lease on his home and gave the property to the Y.M.C.A. in Chicago. It was to be used for a camp for boys. The Y.M.C.A. bought other property and now also own the Ward Hill Ski Area.

Many places in Lake County are named from early settlers. There is the Bonney Bridge, Sanborn Creek, Hamlin Lake, Cashion Lake, and Putnam Lake to name but a few.

The Beginning of An Answer

Everybody is Looking for it,
 But few will ever find it,
 And for those who will,
 Some will lose it,
 Maybe they never really had it.
 Even so it is Appreciated

Life would be nothing without it,
 And so we search--search everywhere,
 Never giving up,
 For we need this fire.

It is not outside,
 Even though we search there.
 We hope that it would be.
 For then we could have touched it.
 Held it . . . owned it . . . selfishly

Makes you wonder if you have it,
 And sadder if you don't

Outstanding Secondary Educators of America is an annual awards program honoring distinguished individuals in the field of secondary education. Every year, the biography and record of achievements of each outstanding educator is printed in the awards volume, Outstanding Secondary Educators of America. The guidelines used in selecting a teacher for inclusion in the book are his talents in the classroom, his achievements in his particular field, service to academic and non-academic communities and previous professional or civic recognition. Miss Schoenherr, Mrs. Fitz and Mr. Eby received this honor, because as educators, they have developed new insights and effectively communicated their knowledge to their students and colleagues.

A graduate of Western Michigan University where she obtained a Bachelor of Arts degree, Judy Schoenherr began teaching in Baldwin in 1969. For most of her seven years here, she has taught junior high school English.

Cynthia Fitz is an alumni of Shaw University in Raleigh, North Carolina, where she obtained her Bachelor of Arts Degree. Since coming to Baldwin in 1971, she has taught high school English.

Although we did not have a winning season, I do not feel that all the time we spent working for a victory was wasted. I have never seen a more determined team. Any team that loses on Friday and comes back on Monday for another long week of hard practices, has my greatest respect and admiration. There is not another team I would have rather been a part of. BALDWIN SCHOOL BELL 1975 Platform of the Michigan Education Association

We believe that the primary goals of the MEA are the improvement of education for children, the improvement of the teaching profession, and improvement in teacher welfare.

This belief is based on the following principles:

- That every person regardless of race, color, creed, sex, national origin, or physical, mental, or emotional handicap has the right to equal opportunity for education and employment and equal rights of citizenship as established in the nation and state by the constitutions, statutes, and judicial decisions;
- That it is the right of every individual to receive the education which will allow him to develop to his fullest potential in his pursuit of worthy citizenship in our nation and world;
- That the development of moral, ethical, and spiritual values can be promoted through education;
- That each student must be free to learn and to think for himself at his own level of maturity;
- That continuing improvement in curricula, methods, materials, physical facilities, and preparation of personnel is necessary;
- That it is the responsibility of educators to do everything in their power to attempt to improve the conditions—physical, environmental, educational, social, emotional—under which people live;
- That the teacher in the classroom is the vital catalyst in the educational process and that professional improvement of the teacher will improve education;
- That members of the education profession have the responsibility and right to control and police the profession; and
- That teachers who receive salaries commensurate with their services and whose working conditions are conducive to good learning activity by children will be better teachers.

AT B.H.S. FEBRUARY 19, 1976

Mr. Silas Walker, noted pianist in and around Detroit, taught himself to play the piano at the age of four in his native home town of Earl, Arkansas. In 1943, Mr. Walker moved to Baldwin, Mich. where he completed his education at Baldwin High School in 1944. He began playing professionally in 1948. His many performances and guest appearances have included most of Detroit's better known music halls, local night clubs, and church concerts. His music capabilities are not limited to classical music entirely, but they include all types of music ranging from Bach, jazz to Bacharach. Some of his musical compositions played in Baldwin were "Misty", "Prelude in C Major", "Claire de Lune", "Bridge over Troubled Waters", and "Watermelon Man."

PANTHER DAY

Panther Day was held on July 5, 1975, on the grounds adjoining Jacks Sports Center. Panther Day was organized by the Baldwin Panther Boosters to raise money for new sports equipment which was badly needed. The Boosters goal was \$15,000.00, after expences they net profited \$5,000.00, which helped quite a bit in preparing our athletes for competition. Keep up the good work Boosters!

LABOR DAY BARBECUE

Thanks to the Baldwin Panther Boosters, Labor Day was a great success. They sponsored a chicken barbecue which attracted many tourists and vacationers. Teachers and students as well as other people of the community helped out on the two day fund raising project. The money raised helped purchase equipment for the high school's athletics.

THE MIGHTY ANNUAL STAFF OF '76

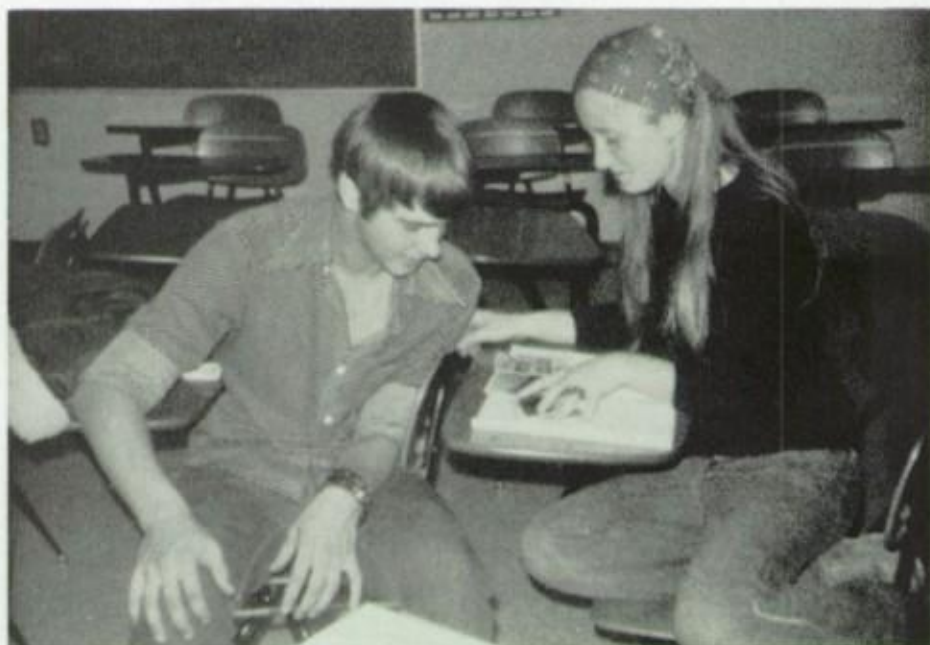

The Annual Staff as a Whole: Dave Braginton, Kim Anderson, Zack Metoyer, Barbara Anderson, John Henderson, Roger Stark, Mark Wowianko, Evette Tenhave, Tammy Babcock, Charles Bowman, Tracy Bromley, Kathy Bimba, Tony Harrell, Daniel Mayfield, Tim Russ, Pat Waiss, Charles Christianson, Brian Vanden Burg, Mark Ghent, Steve Esch, James Allison, Debbie Sobieski. Cindy Ives (not pictured)

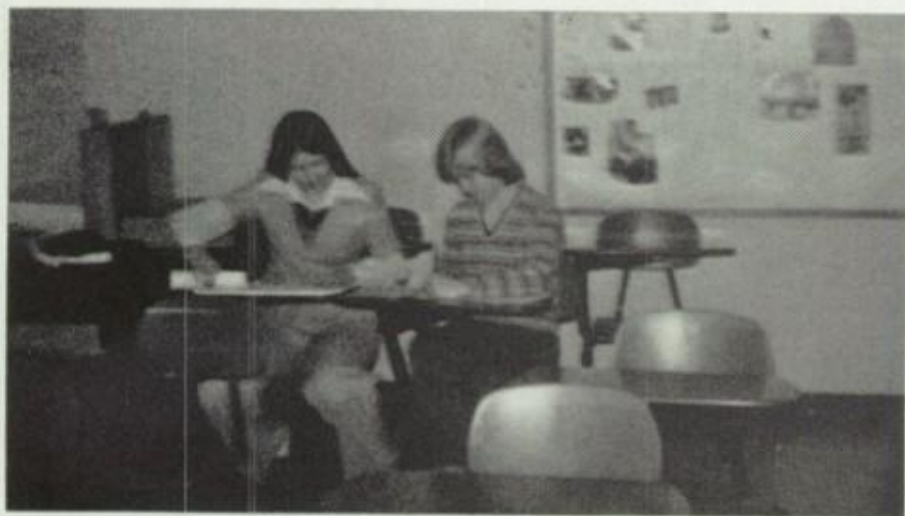

If there were a medal going out to the hardest worker of the Annual Staff, it would probably go to editor Peggy MacDougall. She did alot for this yearbook, and also last year's yearbook. Her experience helped out a lot.

I Wish That Bell Would Ring.

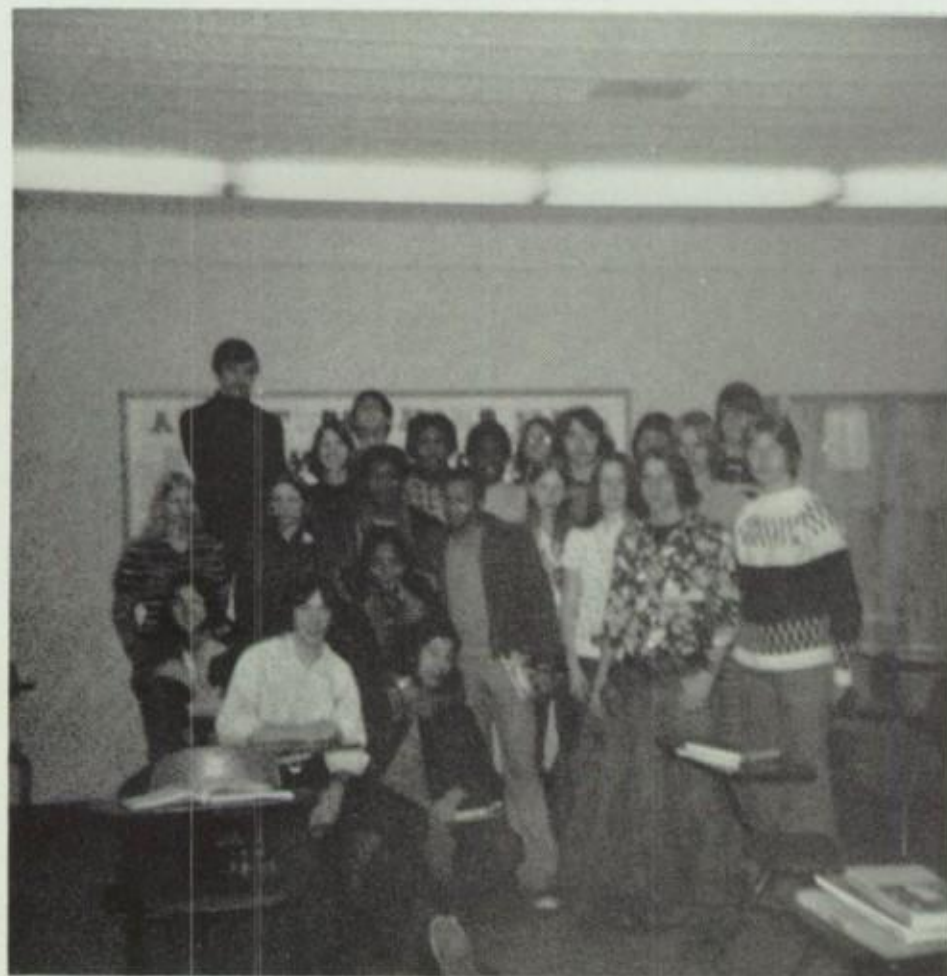

A little courtship with business never hurts.

The Annual Staff inspite of their inexperience. They show how well a yearbook can be put together.

If they put their minds to it! Right Pat Wais?

Alright everybody, cheeeese.

None of this would have been possible, unless under the guidance of our staff adviser, Mrs. Fitz, who never gets mad in any situation. Aw, Mrs. Fitz, smile just this once.

GOOD LUCK
TO THE
GRADUATING CLASS

Fellow workers outside of the classroom can be just as beneficial, consisting of: Lynn Johnson, Valarie Green, Barbara Rodibaugh, Cheryl Fisher, & Lori Matson (not pictured).

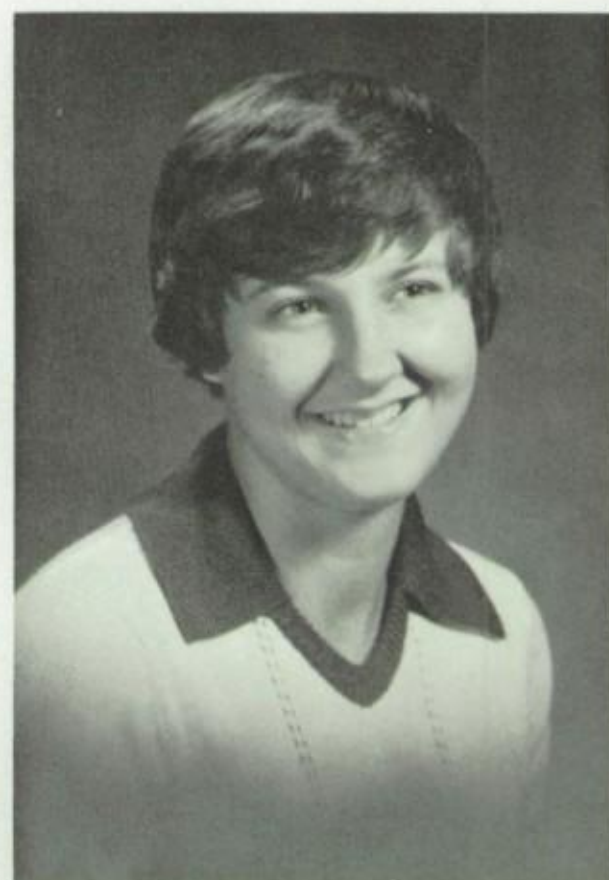

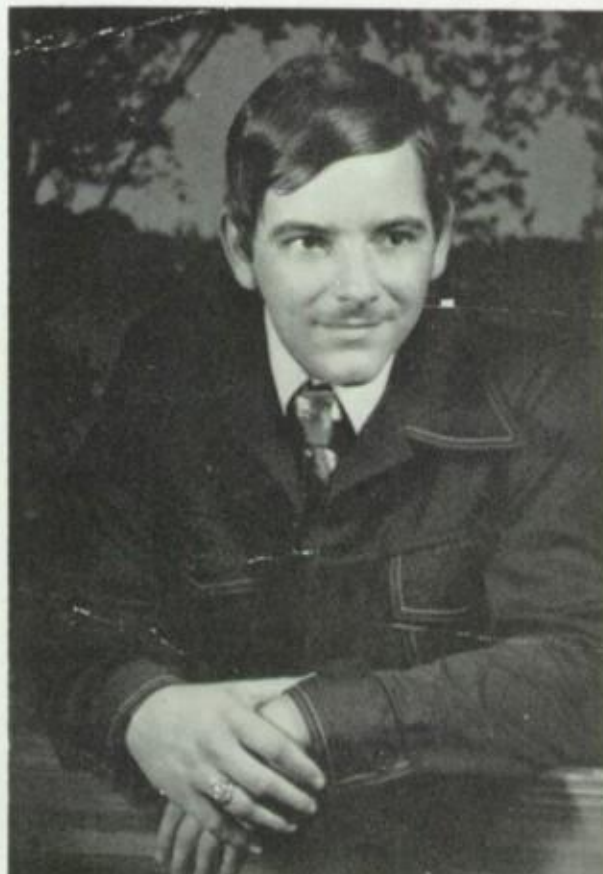

As you majestically marvel over the magnificent work which only the Mighty Yearbook staff of '76 would master, We would like just to thank you for all of your support.

We would like to thank you for your support, because without you, there wouldn't be a yearbook. The yearbook staff deserves a special thanks, for they worked hard to make this the best yearbook Baldwin High has ever seen.

Lonnie Hillard, Forrest Brown, Sue Sanders. Even though these three will be leaving us this year, the memories of them and the other senior staff members will linger on in the yearbook of '76.

The seniors of the mighty Annual Staff of '76 (extracurricular)

May Good Luck follow then on to the road of success. Senior Class of 1976. (T.H.)
